Made with love

*The story of California Bakery began twenty years ago
to create a corner of America in Milan.*

*In our workshops, we work in an artisanal manner, taking our time:
our bread is baked daily and processed according to rising times, with
raw materials of natural origin, without the addition of additives
or preservatives.*

*Ours is a patient search, the result of twenty years of work that has
brought us to know the best local products and their high quality.*

LIFE IS UNCERTAIN,
EAT DESSERT FIRST!
